

EUROPEAN MEDISCIENCE AWARDS 2025

THURSDAY 12 JUNE 2025
HOTEL INTERCONTINENTAL
PARK LANE, LONDON W1

ELIGIBILITY

These awards are open to **quoted mediscience companies** on recognised exchanges throughout Europe, as well as European and UK-based companies that are quoted on NASDAQ.

For the Emerging Star category, this award was designed for **private mediscience companies**, although recently quoted public companies could also be considered, at the discretion of the Voting Panel.

To be eligible, the majority of the business of the company, and its subsidiaries, must be in the healthcare (animal and human), medical, pharmaceutical, biotechnology or life sciences sectors.

In addition, a significant part of the company's, and its subsidiaries', activities should involve scientific research and development which may or may not be product specific.

PERIOD UNDER REVIEW: 1 APRIL 2024 TO 31 MARCH 2025
